

## Theory and Computing Sciences Center Conference Center

### Safety and Emergency

In case of a tornado warning requiring shelter, move to the washrooms or catering area. Stay away from any doors.

### Public Events

In the event of a fire or evacuation announcement, evacuate through the main conference center door and go to the visitor's center.

### Private Events

In the event of a fire or evacuation announcement, listen for brief instructions about evacuation and relocation. If no instructions are given, evacuate through the main conference center door and go towards the south through the side parking lot gate to the relocation area -- the B213 Cafeteria – follow the crowd.
